Dear Richard,

Clean Air around schools in Hitchin & Harpenden

I trust this letter is well received.

As you will know, I have previously campaigned for clean air zones around schools in Hitchin & Harpenden to help us tackle air pollution and protect our children from it.

These zones would divert traffic away from school gates at the start and end of the school day, with alternatives such as walking, cycling and public transport being promoted. I believe that this campaign fits with the County Council's wider ambitions on sustainability and would enable us to dramatically reduce air pollution around schools.

I hope that you will share my vision for cleaner air for our children.

I look forward to receiving your response.

Kind regards,
